This email is from Allen Rowe, who is over the weeds at Aspen Cove. If you have any concerns let a board member know. You can us at board@aspencovehoa.org. Have a great weekend!

Lot Owners,

I did a second inspection for thistle last Sunday (8/2/20). Several lots that were on the first notification have removed the thistle from their lots. Thank you to all of you that have taken care of your lots as well as those that helped on additional lots around the community. There are several that still need to remove the thistle from your lots. I will be going back up on August 30th to inspect again. If you are still on this list please make arrangements to have your thistle removed prior to August 30th to avoid a fine, if you are on the list for a 2nd notice and there is still thistle on my next inspection there will be a fine assessed. As mentioned before, we as a board never want to issue a fine, so please make sure your thistle is taken care to avoid a fine. There are 4 new lots that were not on the first notice that I did find thistle on this inspection, they are listed as a 1st notice.

As mentioned in the previous email, if your lot is on the list it will have a 1,2 or 3 next to your lot number. A 1 indicates i saw 1-5 thistle, a 2 indicates 5-10t thistle and a 3 is 10+. I do not walk on your lots, the inspection is done from the main road so please check all of your lot, there are probably more thistle than what i can see from the main road.

If you have any questions or concerns you can email me at allenrowe01@gmail.com.
