DA

Dear Shareholder,

This year's water situation looks considerably better than last year. Thanks to all of the precipitation in October, we went into winter with a very high soll moisture. A few winter storms have followed and our snowpack is just above the 30 year average. What we need now is to keep the storms coming. Right now the reservoir is just below 25,000 acre feet in storage, and it is still early enough in the season that the water year could be good or bad depending on the weather in the next few months.

Our office is still at the same place, in the SEUALG building on Carbon Avenue in Price, and our secretary is still Sarah Bradley. Her office hours are 1:00 to 4:00, Tuesday - Thursday. If you have any questions, you can always call 435-613-9793.

As many of you are aware, there are new developments regarding the Narrows project that threaten some of our water supply. Because this has potential to greatly impact our water rights, we've taken some actions to protect them, and we anticipate needing more funds for future measures. With that in mind, we've increased our assessment levy to \$1.20. All shares are still subject to the \$1.30 spillway repayment levy that began last year, and all accounts are subject to a \$30 minimum charge. You can pay your bill online at www.priceriverwaterusers.com. We can also take credit cards in the office or over the phone. Of course, the old way of paying by mailing a check is always good too.

Another way that our costs have increased is in the price we have to pay for certificate books. Because of this, we've decided to raise the cost of certificate transfers from \$5.00 to \$10.00 starting on February 1st.

As we have for the past several years, we will again be collecting the carrying/originating charges for Carbon Canal Company. You will see this charge on the billing if you have shares that are delivered through Carbon Canal, or if you have shares that originated in Carbon Canal. If you also own shares of Carbon Canal Company, you will also receive a billing from them for those shares.

As we have for the past few years, we will again be leasing PacifiCorp's shares to the highest bidders. If you are interested in bidding on some of these shares, our office will be accepting bids until March 14, 2019 and successful bidders will need to pay by March 28, 2019. See our website or contact Sarah for details.

I'd like to remind you that Sarah can help you with all things relating to reservoir water. All leases that move water from one canal to another must be done through our office. Also, if you own a share that originates in a canal different than the one you take delivery in, Sarah may be able to help you remedy that situation.

As always, if you have an issue you cannot resolve with Sarah, contact me or one of the other directors. Shareholders are always welcome to attend our monthly board meetings. We meet on the first Monday of the month at 7:30PM at the SEUALG building. Be sure to call the office or check the website to make sure we haven't canceled the meeting due to lack of business, as that happens occasionally. If you have an issue you want the board to address, call Sarah and have her put you on the agenda.

Thanks, Bill Butcher PRWUA President
